ROOFING PRICE INCREASE

Friday 9-12-08

All of our roofing vendors have implemented a price increase of 10-15% effective on or about August 25th, which we have not integrated into our pricing. They have also announced another increase of 7%-10% for October 1st. The combination of these two events will leave us with no choice but to increase our shingle pricing 5%-15% effective October 6th.

There may be large pricing differences between brands as prices continue to fluctuate. Please continue to check pricing often as pricing dynamics are likely to change quickly for the remainder of the year. When bidding jobs please call a Reese Customer Service Representative to check for current pricing or visit our web site at www.ReeseWholesale.com for the most up-to-date pricing information available. Thank you for your understanding in this matter. Please feel free to contact me with any questions or concerns during these challenging times.
