# **SHINGLE PRICE INCREASE**

**Monday 5-17-09**

All of our roofing vendors announced 10% price increases effective March 2. They attributed this round of increases to everything from warehousing costs to continued escalation of raw material costs. On March 16 we raised our upgrade shingle prices 5%-10% to cover the manufacturers' increases. At that time we decided to hold pricing on 25 yr strip and 30 yr laminate pricing to assess the staying power of the March 2 price raise.

Over the course of the last sixty days it has become apparent that this increase will impact our 25 yr strip and 30 yr laminate shingle costs. This will necessitate that we raise pricing on 25 yr strips and 30 yr laminates 2% to 5% effective 6-1-09. All jobs ordered before June 1 and shipping before June 15 will be held at current pricing levels. Please check with a Reese sales representative on jobs over 100 squares, as current inventory levels will dictate whether or not we can hold large job pricing.

When bidding jobs please call a Reese Customer Service Representative to check for current pricing or visit our web site at [www.ReeseWholesale.com](http://www.ReeseWholesale.com) for the most up-to-date pricing information available. Thank you for your understanding in this matter.
