PREMIUM SHINGLE PRICE **INCREASE**

Monday 2-23-09

All of our roofing vendors have announced 10% price increases effective March 2nd. They are attributing this round of increases to everything from warehousing costs to continued escalation of raw material costs. Effective March 16th, 2009 we will be raising our upgrade shingle prices 5%-10% to cover the manufacturers' increases. This increase will not affect shingles we stock in large quantities. All 25yr strips and 30yr laminates will remain at current pricing levels at this time. All other shingles will be impacted by this increase.

When bidding jobs please call a Reese Customer Service Representative to check for current pricing or visit our web site at www.ReeseWholesale.com for the most up to date pricing information available. Thank you for your understanding in this matter.
