Item # 5803230 PROTECTO SILL PAN FLASH RUBBERIZED 6 IN X 50 FT

Item # 5803231 PROTECTO SILL PAN FLASH RUBBERIZED 9 IN X 50 FT

A cold applied self-adhering membrane composed of a tough cross laminated high density polyethylene surface coated on one side with a layer of our proprietary asphalt adhesive.

- Rubberized asphalt adhesive
- Custom designed one piece sill flashing tape that conforms to the rough sill to create a continuous sill pan
- Completely seals sill corners to prevent water damage
- Easily conforms to the sill corners to provide a clean 90 degree corner without excessive buildup

Item # 5803240 PROTECTO FORM FLASH 1 CURED 4 IN X 15 FT

Item # 5803241 PROTECTO FORM FLASH 1 CURED 6 IN X 15 FT

A peel and stick conformable flexible flashing tape used as a primary air and moisture seal around penetrations in walls in commercial and residential construction. Form Flash 1 is waterproof and air impermeable and has the capability to span gaps between wall surfaces and building components.

- 30 day exposure rating
- Forms an air and moisture tight seal around penetrations in walls
- Seals around electrical boxes, light fixtures, water pipes, phone lines, gas lines, dryer vents, penetrations under cabinets, cables, conduits, etc.

Item # 5803245 PROTECTO FORM FLASH 2 EPDM UNCURED 4 IN X 15 FT

Item # 5803246 PROTECTO FORM FLASH 2 EPDM UNCURED 6 IN X 15 FT

A cold applied self-adhering membrane composed of uncured EPDM with an exterior protective film on one side and a layer of recycled butyl adhesive with a release liner on the other side. Eliminates the need for lead flashings, can be used at all roof to wall transitions, around chimneys and solar panels.

- Rated for full exposure to UV
- Fully adhered system conformable to irregular shapes
- Perfect for sealing around cable, electrical, gas line, hose bibs, dryer vents, air exchange vents and pipe penetrations in the exterior sheathing, roofing applications, CMU and more

Item # 5803250 PROTECTO DUAL GUARD THRESHOLD TAPE 5.5 IN X 6.5 FT

Item # 5803251 PROTECTO DUAL GUARD THRESHOLD TAPE 5.5 IN X 25 FT

Protecto Premium Dual Guard Threshold Tape with its unique flange acts like a gasket, sealing off the sub-floor and preventing air and moisture infiltration under the threshold. Helps keep the door frame from racking and the sub-floor from swelling and warping.

- Waterproofing and energy savings in one step
- Exceeds all building codes and manufacturers' installation specifications
- Reduces energy costs
- Prevents air, moisture and insect infiltration under the threshold
- Helps prevent subfloors from swelling and structural framing from warping
