At VERSATEX, we're totally dedicated to cellular PVC trim and we're leaders in innovation, quality and technical assistance in our category. For you, that translates to thickness tolerances that are half the industry norm and the continued development of revolutionary products.

- Reversible sides: Smooth/Timber Ridge (woodgrain)
- Timber Ridge is designed with a more natural surface texture to compliment fiber cement and cedar
- Cut with a proprietary system to keep the edges clean and dimensionally accurate with true 90° angles
- Sizes are nominal
- Made in the U.S.A.
- Full Versatex product offering available through Special Order

The Pro Plug System for VERSATEX Trim - 50 Linear Feet is a superior and easy-to-install plug fastening system. With the epoxy coated or stainless steel fasteners, it gives builders the ability to choose the right screw for a wide variety of applications. Plugs are made from actual VERSATEX deck and trim board material so the color and grain match perfectly. Star drive; Extra deep recess reduces cam-out. When used with the PVC Tool (sold separately), the fasteners create a perfect hole for the matching plug, without pre-drilling.
