 Exposure 5 7/8 in (149 mm)
 Coverage Per Bundle 33 1/3 ft² (3.1 m²)
 60 Shingles Per Square

Among the largest in their class, these shingles are constructed of a fiberglass mat that's given an extra-thick coating of quality IKO modified asphalt. This makes them heavy-duty yet flexible for superior weather resistance, even in cold weather applications. IKO Cambridge IR shingles have a Class 4 impact resistance rating, which IKO is pleased to present for the sole purpose of enabling homeowners to obtain a discount on their home insurance premiums, if available in their area.

- Item # 1531008 IKO ULTRA HP IR HIP AND RIDGE 10" GREY

Our specially constructed ridge cap shingles are designed to provide a high-quality alternative to using cut-up roof shingles to protect this important area. The "HP" stands for "High Profile", which means that they're also designed to add dimension, depth and texture to your roof line and rakes.

When you've just built a roof with IKO premium shingles, there's only one way you can top its long-lasting good looks.
