Item #5308040 LP SS CEDAR STRAND NGSL PANEL PRIMED

Cedar texture

Rated for Structural Use by APA®

- Shiplap edges with advanced bead system for easier alignment
- Pre-primed for exceptional paint adhesion
- Significantly lighter than comparable fiber cement panel
- Strong enough to be nailed directly to stud, making additional sheathing unnecessary in many applications
- Eliminates need for additional bracing on load-bearing walls
- Ideal exterior for homes in areas of high winds or seismic activity
- Treated engineered wood strand substrate

38 Series Cedar Texture Panel - No Groove (strand)

Talon Tuff Tarps have excellent pull through resistance!

Reinforced corners will not rip or tear!

- Our 120 GSM blue tarp has a significantly greater pull through for nails when used for emergency roof repairs. Raptor **Roofers Tarps** have significantly greater holding power when nails are placed through the edge seam.
- Our 200 GSM green tarp is an incredibly strong tarp that can be used to protect loads, tear offs, catch trash, and can be left on an exposed roof for an extended amount of time.
- Reinforced corners will not rip or tear when tied down
- UV stabilizers protect our tarps from exposure to the sun
- Reinforced perimeter seams provide great nail pull protection.
- High tensile strength which gives Talon Tuff Roofers Tarps excellent tear resistance.
- Talon Tuff Roofers Tarps have excellent impact and puncture resistance.
