

March 18, 2020

To our Customers and Vendors:

Reese and the COVID-19 Global Pandemic

We are acutely aware of the need to work closely with our employees, customers and vendors to assist in the national effort to slow and minimize the effects of the COVID-19 virus.

We have stopped all air travel, training seminars, and most group meetings.

We are asking all employees who show symptoms of flu, colds, or COVID-19 to take a paid leave of absence.

For several weeks, we have disinfected our public areas, provided sanitizer for employees and guests, and taken precautions to minimize contact and provide space for visitors and employees.

However, we also know that ***food and shelter are the two essential elements of civilization***. We know that storms will arrive this Spring and that existing homes will need to be repaired and new homes will need to be built in order to protect our families and our most important possessions.

There can be no shelter without a roof, and there can be no roof without roofers and roofing materials. We have a normal inventory and will continue to work with our vendors to ensure that we have the materials you need.

So: ***As long as we are able, we will remain open and we will provide materials for builders and contractors, either for pickup or delivery.*** We will continue to provide the same reliable, prompt and friendly service that you have come to expect over the last 80 years.

Working together, we will get through this. We're here to help!

Sincerely,

John Reese
